

SINCE 1886

TARGET ELITE PLUS

New: Now available with the new Scorpion bullet in the .223 Rem. and .338 Lapua Mag. calibres.

Two loads have been added to the RWS Target Elite Plus line. This means that the match cartridges in hand loader quality are also available in the calibres .223 Rem. with 69 gr and .338 Lapua Mag. with 250 gr. RWS has mounted the new Scorpion bullet on these two calibres to increase precision. The Scorpion is characterised by its outstanding ballistic properties, while raising the bar for consistent accuracy.

The RWS TARGET ELITE PLUS series scores points with its harmoniously balanced components to enable constant precision at maximum ranges even beyond 1,200 metres. The extremely stable flight characteristics of the Scorpion bullet are a key factor in ensuring target accuracy. RWS is therefore setting new standards in all areas of marksmanship.

New in 2021

RWS is a quality brand of RUAG Ammotec GmbH

The brand RWS arose in 1886 from the Rheinisch-Westfälischen Sprengstoff-Fabriken, which passed into the ownership of Dynamit Nobel in 1931 and then came under the control of RUAG Ammotec in 2002. Both discerning hunters and ambitious sport shooters worldwide appreciate the high-quality products from Fürth. Today, RWS is the European market leader in hunting ammunition and offers rifle cartridges, shotshells and rimfire cartridges as well as air gun pellets.

RUAG Ammotec belongs to the Swiss technology company RUAG Holding AG with its headquarters in Bern.
