Fürth, March 5, 2020

SINCE 1886

RWS TARGET ELITE PLUS

Expanded product range for RWS match rounds in handloader quality

Fürth, Germany. RWS TARGET ELITE PLUS rounds have been synonymous with match rounds in handloader quality for nearly a decade. The line is being expanded by a 3.4 g bullet in the .223 Rem caliber and an 11.3 g bullet in the .300 Win. Mag. caliber.

RWS TARGET ELITE PLUS rounds are characterized by highly precise ballistics and consistently outstanding accuracy up to a maximum range of 1,200 m.

The benefits at a glance:

- Highest quality
- Defined accuracy requirement at 300 m of no more than 16.9 to 25 mm standard deviation in test barrels
- For long-range disciplines in shot distances of up to 1,200 m
- Big-bore cartridge prepared in handloader quality
- Specially manufactured match shells with selected HPBT match bullets
- Consistent point of impact from batch to batch
- Engineered for high-end match firearms and suitable twist lengths in the long-range segment

RWS is a quality brand of RUAG Ammotec GmbH

The RWS brand originated with the Rheinisch-Westfälische Sprengstoff-Fabriken, which came to Dynamit Nobel in 1931, and then to RUAG Ammotec. Both demanding hunters as well as sport shooters from around the world value the quality that comes from Fürth. RWS offers not only rifle cartridges, but also shotgun shells, rimfire cartridges, and air pellets.

RUAG Ammotec belongs to the Swiss technology corporation RUAG Holding AG, which is headquartered in Bern.

RUAG develops and markets internationally sought-after technology applications in the fields of aerospace and defence for use on land, in the air and in space. 56% of RUAG's products and services are destined for the civil market and 44% for the military market. The Group is headquartered in Bern (Switzerland). It has production sites in Switzerland and in 15 other countries in Europe, the USA and Asia-Pacific. RUAG generates sales of approximately CHF 1.96 billion and has over 9,200 employees – 400 of whom are trainees.
